Case No. 3:22-mj-00405

Filed Under Seal

**AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT**

I, **Brad M. Dorman**, being first duly sworn, hereby depose and state as follows:

1. I am a United States Postal Inspector and have been since August 2017. I am presently assigned to the Cincinnati Field Office of the United States Postal Inspection Service, Pittsburgh Division, with investigative responsibility for Southern District of Ohio. Part of my responsibility involves investigating the illicit use of the United States Mails in the transportation of narcotics, other dangerous controlled substances, and financial proceeds from, or instrumentalities used in, the sale of such narcotics and controlled substances (hereinafter, "Drugs and/or Proceeds").
2. Based on my prior training and experience as a United States Postal Inspector, I have become aware that drug traffickers frequently use United States Priority Mail Express (overnight) or Priority Mail (2-3-day) to transport Drugs and/or Proceeds. Additionally, as a result of prior investigations, law enforcement training, and successful controlled-substance prosecutions involving the use of the United States Mail, I have learned of certain common characteristics and/or circumstances that indicate that a particular package may contain Drugs and/or Proceeds. These circumstances and/or characteristics include, but are not necessarily limited to, the following: the mailer uses different post offices on the same day to send packages, the return address is false or non-existent, the addressee is not known to receive mail at the listed delivery address, the package is heavily taped, the package is mailed from a known drug source location, the labeling information contains misspellings, the label contains an illegible waiver signature, unusual odors emanate from the package, and the listed address is located in an area of known or suspected drug activity.

3. On December 6, 2022, the U.S. Postal Inspection Service intercepted a package (hereinafter “the Package”) at the Dayton Processing and Distribution Center in Dayton, OH. The Package is a Home Depot Extra Small box, bearing tracking number [REDACTED] [REDACTED] mailed from Post Office 90034 located in Los Angeles, California, postmarked November 28, 2022, with the following address information:

Sender:

[REDACTED]
[REDACTED]
[REDACTED]

Addressee:

[REDACTED]
[REDACTED]
[REDACTED]

Through training and experience as a Postal Inspector, I know that the Central California area has been long known to be a drug source location.

4. I was able to perform a check in CLEAR for the recipient’s information listed on the Package of “[REDACTED].” CLEAR is a law enforcement database that is used as a tool for investigators to identify person/business and address information. According to CLEAR, there is no “[REDACTED]” associated with [REDACTED]
[REDACTED]

5. I was able to perform a check in CLEAR for the sender’s information listed on the Package of “[REDACTED].” According to CLEAR, there is no “[REDACTED]” associated with [REDACTED], OH
[REDACTED]

6. On December 6, 2022, at the request of the U.S. Postal Inspection Service, K9 Officer Randy Betsinger of the City of Dayton Police Department conducted a narcotics-detection canine “free air” check of the outside of the Package. An Inspector was present during said check. Prior to conducting the “free air” check, the Package was placed in a room with multiple similar and like packages. As set forth in the attached affidavit of K9 Officer Betsinger, “Hugo” alerted positively for the presence or odor of a narcotic or other controlled substance exuding from the Package. “Hugo” is a properly trained and certified narcotics-detection canine.

7. Based on my prior law enforcement training and experience as a United States Postal Inspector, the Package's address information, including (i) failure to provide full and accurate information for the return address, (ii) failure to provide full and accurate information for the recipient address, and (iii) the positive alert of the narcotics-detection canine are all indicative of and consistent with Drugs and/or Proceeds being present in the Package.

Therefore, a search warrant to open the Package is requested.

Further, your affiant sayeth naught.

Respectfully submitted,

Brad M Dorman
